Lloyd Mear Healing By The Numbers Energy Frequency Balancing:

<http://www.youtube.com/watch?v=EMclC9vJTGU>

Working with Numbers

Numbers have frequencies, just like musical notes do. Numbers, in certain combinations, have frequencies that can help heal the body. Just as listening to certain music makes you feel good, numbers have similar abilities. You may not be able hear the vibration of the numbers, but you might be able to feel it!

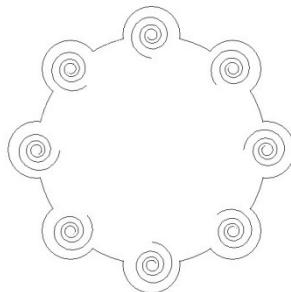

Numbers are quite powerful. You can write them on your skin, wear them on a bracelet (you can create one with number beads), write them on a photo of yourself, or put them under your pillow.

Though numbers can be called by individual digits (1-9-9-9-9-9-9), they may be more effective if said in proper form (one million, nine-hundred ninety-nine thousand, nine-hundred ninety-nine):

1	One	1,000,000,000	One billion
10	Ten	10,000,000,000	Ten billion
100	One hundred	100,000,000,000	One hundred billion
1000	One thousand	1,000,000,000,000	One trillion
10,000	Ten thousand	10,000,000,000,000	Ten trillion
100,000	One hundred thousand	100,000,000,000,000	One hundred trillion
1,000,000	One million	1,000,000,000,000,000	One quadrillion
10,000,000	Ten million	10,000,000,000,000,000	Ten quadrillion
100,000,000	One hundred million	100,000,000,000,000,000	One hundred quadrillion

Radionic Amplifier Energy Circle

Another way of working with Healing Numbers and Frequencies is to place them in a Radionic Amplifier Energy Circle:

Insert Target (name of person for broadcast) into the Energy Circle along with the Healing Numbers and Frequencies.
